

Product Description

1. [10-in-1](#) Comprehensive Expansion

Integrates **HDMI, RJ45, USB 3.0, USB-C, Audio, SD/TF card slots, and 100W PD charging** — providing everything needed for high-efficiency work.

2. 100W PD Fast Charging

Supports **Power Delivery 3.0** for laptops and tablets, ensuring stable power supply even when multiple peripherals are connected.

3. 4K Ultra HD Display

Enjoy vivid and sharp **4K@30Hz HDMI** output — perfect for dual-screen setups, presentations, or media editing.

4. Gigabit Ethernet

Stable and fast [1000Mbps network connection](#) for office, enterprise, and industrial environments.

5. High-Speed USB 3.0 Transmission

Up to **5Gbps** transfer rate for quick access to external drives, USB disks, or peripherals.

6. Compact and Durable Design

Made from **CNC aluminum alloy**, offering heat dissipation, durability, and a professional finish ideal for business users.

7. OEM/ODM Custom Solutions

Our R&D and engineering teams provide full customization — from **port layout, shell design, PCB development** to **brand logo engraving**.

We support **private label, small batch prototyping**, and **mass production** with strict **ISO9001 quality control**.
