

Product Description

All-in-One Design - Laptop Stand + Docking Hub

This 7-in-1 multifunctional **USB-C docking station** with **laptop stand** integrates ergonomic comfort and high-speed connectivity. The **360° rotating aluminum base** allows flexible viewing angles, while the **adjustable height design** improves posture and airflow for your laptop.

4K Ultra HD HDMI Display Output

Enjoy stunning visuals with **HDMI 4K@60Hz** output — ideal for connecting external monitors, projectors, or TVs during meetings, presentations, or creative work.

High-Speed Data & Charging Hub

Equipped with **USB 3.0 ports (5Gbps)**, **SD card reader**, and **USB-C PD 100W charging**, it supports simultaneous data transfer and power delivery for your MacBook or other Type-C laptops.

Premium Aluminum Alloy Build

Crafted from **aerospace-grade aluminum**, the stand ensures stability, durability, and heat dissipation. The sleek, foldable design enhances portability, making it perfect for mobile professionals.
