

Product Description

The **7-in-1 Laptop Stand with Detachable USB-C Hub** is designed for modern professionals who need both **ergonomic comfort and powerful connectivity**. Crafted from durable aluminum alloy, it supports laptops from 10 to 17 inches with adjustable height and tilt to improve posture and reduce neck strain.

Key Features:

1. **100W PD Input, 85W Laptop Output** - Rapid charging for MacBook, Dell XPS, Lenovo ThinkPad, HP, and more.
2. **4K@60Hz HDMI** - Seamless video output for presentations, dual-screen setups, and creative work.
3. **3 × USB 3.0 Ports** - Connect peripherals like external drives, keyboards, or cameras at 5Gbps speed.
4. **SD/TF Card Readers** - Easy access for photographers, designers, and content creators.
5. **Detachable USB-C Hub** - Use independently or integrated with the stand for flexible setups.
6. **Ergonomic Design** - Adjustable angles relieve neck and back pressure for long working hours.
7. **Cooling Ventilation** - Hollowed stand design prevents overheating and improves airflow.
