

The Clamp-On Desktop [Tablet POS Stand](#) is a versatile and durable solution designed for retail, hospitality, and service industries. It securely holds tablets or POS devices while offering flexible angle adjustments for optimal user experience. Made from high-strength metal, this stand is compatible with a wide range of devices, including iPads, Android tablets, and other popular brands. Its clamp-on base ensures easy attachment to tabletops, saving valuable workspace.

Key Features:

- **Universal Compatibility:** Fits 7-13 inch tablets, ideal for POS systems, ordering platforms, and payment terminals.
- **Robust Construction:** Durable metal frame and stable base provide reliable support for daily use.
- **Adjustable Angles:** 360° rotation and tilt adjustment for comfortable viewing and operation.
- **Clamp-On Design:** Securely attaches to tabletops (supports 10-50mm thickness) for quick installation and removal.

- **Integrated Cable Management:** Built-in cable organization keeps wires neatly hidden and protected.
- **Multi-Purpose Use:** Perfect for retail counters, restaurants, hotel check-ins, and other business applications.

Applications:

1. **Retail Stores:** Ideal for point-of-sale systems and inventory management.
2. **Restaurants:** Supports ordering platforms and mobile payment solutions.
3. **Healthcare:** Use for patient check-ins or data entry at reception desks.
4. **Offices:** Suitable for meeting room presentations or video conferencing setups.
