

Elevate your tablet display with our Heavy-Duty Metal Tablet Floor Stand, the perfect fusion of security, style, and function. Designed for commercial environments, this stand features a solid all-metal construction that ensures durability and a secure locking enclosure to deter theft, making it ideal for unattended or public areas.

The enclosure supports a broad range of tablet brands and models, including iPad Pro (9.7", 11", 12.9"), iPad Air, Samsung Galaxy Tabs, Lenovo, and other Android tablets. The hidden cable management system keeps wires out of sight, creating a clean, professional appearance.

Whether you're looking for a [POS tablet stand](#), an interactive kiosk, or a digital sign holder, this product is engineered to deliver. As a direct manufacturer, we offer full [OEM/ODM](#) customization, with support from our in-house R&D team to bring your ideas to life—whether it's custom branding, color matching, or feature adaptation.

## Tablet Enclosure

Put tablet inside & connect charging cable

Cover front panel and lock it  
Front camera exposed
