

Our POE to Type-C Charging Hub is an all-in-one solution designed for retail environments, payment systems, and POS terminals. This versatile hub provides efficient **PD Type-C charging** for **iPads, tablets**, and other mobile devices while supporting **data transfer** for card readers or payment devices. With **Power over Ethernet (POE)** functionality, it eliminates the need for extra power cables, making it a convenient, reliable choice for commercial spaces like retail stores, restaurants, and mobile POS setups. Similar Product we also make [Magnetic Pogo Pin Charging station](#).

Key Features:

- **Power over Ethernet (POE) Input:** Simplifies installation by combining power and data transfer over a single Ethernet cable, reducing clutter and cables in retail setups.
- **PD Type-C Charging:** Delivers high-speed, **PD Type-C charging** to **iPads, Android tablets**, and other devices, ensuring quick and efficient charging.
- **Simultaneous Charging & Data Transfer:** Ideal for POS systems, this hub allows **charging and data communication** with connected devices such as **card readers** or payment

terminals.

- **Compact Design:** The **hub-like form** makes it easy to integrate into any retail, POS, or business environment without taking up much space.
- **Broad Compatibility:** Fully compatible with a wide range of devices, including **iPads with Type-C charging, Android tablets, POS terminals, and card readers.**
- **Durable & Reliable:** Built with **ABS casing**, ensuring long-lasting durability for demanding environments like retail or payment processing.

Why Choose This POE Type-C Charging Hub:

- **Convenient Retail Solution:** This hub is specifically designed for **POS systems, payment terminals, and retail applications.**
- **Streamlined Charging & Data Handling:** Supports simultaneous device charging and data transfer, making it a perfect solution for businesses that require both functions at the same time.

- **Quick and Easy Setup:** With POE functionality, this device minimizes wiring and setup complexity, allowing for fast deployment in business environments.
- **Customizable for Your Business:** Choose the color and configuration that best suits your branding or space.

Whether you are upgrading your retail space or setting up a new **POS system**, this POE to Type-C Charging Hub is the perfect addition to your business operations. With its **PD Type-C charging** capabilities and **simultaneous data transfer**, it ensures seamless functionality for **iPads, tablets**, and connected **POS devices**.
