

1. Versatile Design for Retail and Payment Solutions

The swivel stand supports seamless **360-degree rotation** and multiple tilt angles, allowing both customers and operators to interact effortlessly with the payment terminal. Its durable black metal structure ensures longevity, even in high-traffic retail environments.

2. Wide Compatibility

- Designed for **Appcard payment terminals**, ensuring a perfect fit.
- Compatible with **iPad POS stands** and **iPad pogo pin stands**, making it ideal for modern POS systems requiring wireless charging or secure mounting.

3. Built for Customization (OEM/ODM Services)

As a [POS accessory factory](#), we offer full customization:

- **Logo Printing:** Add your company branding for a professional appearance.
- **Size & Design:** Tailored dimensions to suit your specific POS devices.
- **Color Options:** Customize finishes to match your brand theme.
- **Pogo Pin Integration:** Enhance stands with wireless charging features.

4. Durable and Stable Structure

- Made from high-strength metal for durability and stability.
- Anti-corrosion matte black coating for long-lasting performance.
- Integrated **cable management slots** keep wires organized and hidden, improving the overall appearance.

5. Applications

Perfect for:

- Retail stores
- Restaurants
- Supermarkets
- Hotels
- Service counters
