

Smart Charging, Built for Safety

This 50W multi-device USB charging station is designed to charge up to **5 phones or tablets simultaneously** with smart IC technology that automatically detects and delivers optimal power to each device. No more tangled cables or fighting over outlets. At the same time, we also have more [multi-port charging docks](#).

Durable ABS + Silicone Design

The housing is made of **high-temperature resistant, flame-retardant ABS material**, offering long-term safety and durability. The base is fully covered with **non-slip silicone padding**, preventing devices from sliding or getting scratched, even on smooth desks.

Universal Compatibility

Supports all USB-powered devices including **iPhones, Android phones, iPads, Bluetooth earphones, portable speakers, and smartwatches**. Ideal for **homes, shared offices, co-working spaces, and retail display counters**.

Why Choose Us - Direct Manufacturer Advantage

We are a **factory-based manufacturer** specializing in **charging solutions and power accessories**. With over 10 years of industry experience, we provide:

- **OEM/ODM Services** - Customize ports, color, material, and packaging
- **In-house R&D Team** - Fast prototyping and design support
- **Strict Quality Control** - 100% tested before shipment
- **Global Shipping & Fast Lead Times**

Partner with us to bring **custom-branded, [high-quality charging stations](#)** to your market.
