

Product Description

The [USB-C Hub Docking Station with Aluminum Stand for iPad Pro](#) is a professional-grade solution that transforms your iPad into a powerful workstation. Featuring a **6-in-1 USB-C Hub** and a **durable foldable aluminum stand**, this docking station enhances productivity while keeping your workspace neat and stylish.

Key Features:

1. **6-in-1 USB-C Hub Expansion** - Includes 4K HDMI (up to 60Hz), USB-C PD (60W), USB-A data (5Gbps), 3.5mm audio jack, and MicroSD/SD card readers.
2. **Premium Aluminum Alloy Structure** - Provides durability, efficient heat dissipation, and a sleek modern look.
3. **Adjustable Foldable Stand** - Ergonomic design supports multiple viewing angles, ideal for typing, drawing, or video conferencing.
4. **All-in-One Docking Solution** - Combines a sturdy iPad dock stand with hub expansion, minimizing the need for extra accessories.
5. **OEM/ODM Customization** - We support custom branding, connector types, cable lengths, and packaging to meet your business requirements.

TRANSFORMS YOUR WORKSPACE
At Your Desk or On-the-Go

This **aluminum iPad hub stand** combines a 6-in-1 multifunctional hub with a sturdy foldable stand, making it the perfect solution for turning your iPad into a desktop workstation. It features **4K HDMI output, 60W USB-C PD charging, high-speed USB-A data transfer, 3.5mm audio jack, and Micro/SD card readers** all in one compact design. The **premium aluminum alloy body** ensures durability and excellent heat dissipation, while the **adjustable ergonomic stand** provides flexible viewing angles for work, study, or entertainment.
