

Product Description

At Goochain, we combine over 10 years of R&D and manufacturing expertise to deliver commercial-grade POS solutions that solve real-world challenges. Our **Universal Retractable [Tablet POS Stand](#)** is a result of this dedication, offering unmatched flexibility for businesses needing a single mount to accommodate multiple tablet sizes and VESA displays.

Key Features

- 1. Scalable, Retractable Design**The stand's extendable arms and adjustable brackets effortlessly fit tablets from 7 to 15.6 inches, and its VESA 75x75/100x100 compatibility lets it double as a monitor mount. No need to invest in multiple stands—one solution covers all your devices.
- 2. Sturdy & Durable Build**Constructed from heavy-duty cold-rolled steel and reinforced ABS plastic, this stand supports up to 8kg and resists daily wear and tear in high-traffic environments like retail stores and busy restaurants.
- 3. Ergonomic Viewing Experience**Enjoy 360° rotation and $\pm 90^\circ$ tilt to position tablets at the perfect angle for customers and staff, reducing neck strain and improving transaction efficiency.

Why Choose Us?

- **In-House R&D Team:** Our engineers continuously refine products to meet evolving market demands, ensuring you get cutting-edge solutions.
 - **OEM/ODM Expertise:** We collaborate with you to create tailored [POS mounts](#) that align with your brand identity and operational workflows.
 - **Global Certification:** All products meet CE and RoHS standards, ensuring safety and reliability for international markets.
 - **Fast Production & Delivery:** With our own manufacturing facility, we can fulfill bulk orders quickly and maintain consistent quality.
