

1. Free Angle Adjustment for Optimal Use

This tablet holder is designed with a **360° rotatable ball head** and **180° tilt adjustment**, ensuring flexibility for various tasks. Whether mounted in a kitchen for hands-free recipe viewing, in warehouses for inventory management, or in a retail environment as a **Tablet POS stand**, it delivers excellent usability. Pair it with a [POGO PIN charging station](#) to maintain continuous operation for devices like iPads.

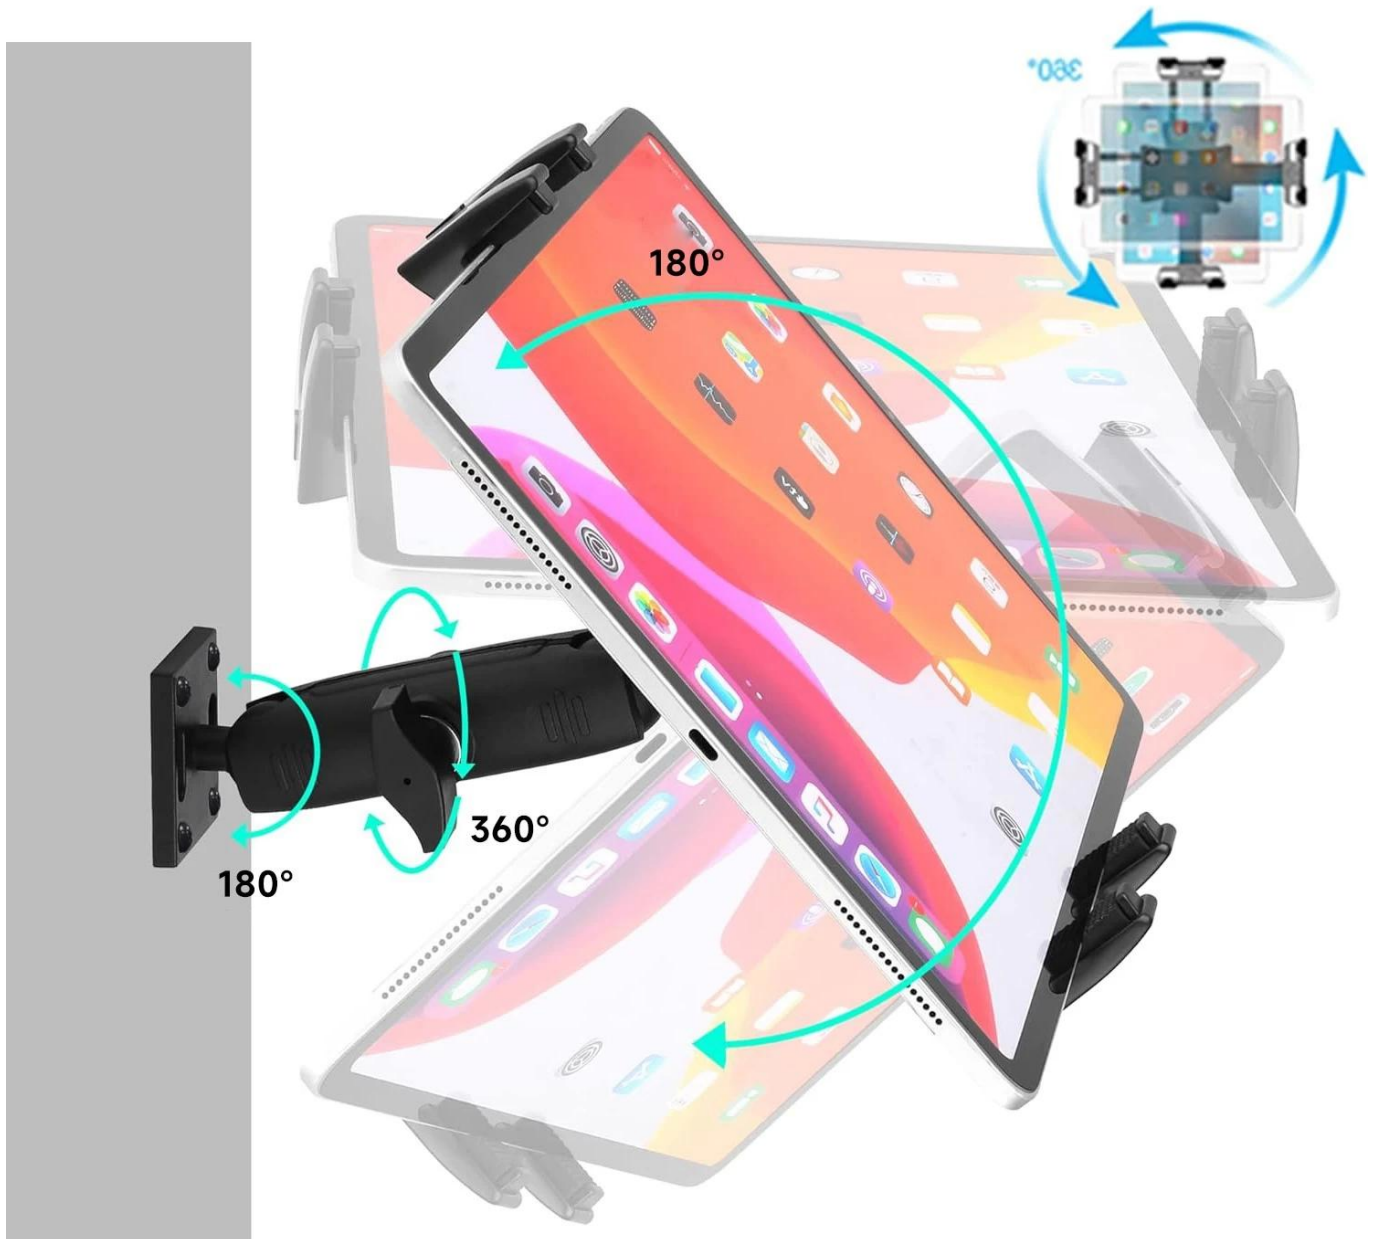

2. Universal Compatibility and Secure Fit

Compatible with tablets ranging from **4-15 inches**, such as iPad Pro, Samsung Galaxy Tab, and other similar devices, this holder securely clamps onto tablets with or without protective cases (up

to 20mm thick). This makes it ideal for environments where a [Tablet POS stand](#) or display system is needed, particularly in retail or hospitality scenarios.

COMFORT VIEWING

Double Ball Head Support 360° Rotation and 180° Up and Down

3. Durable and Reliable Build

Constructed using **nylon and glass fiber** for the holder and **aluminum alloy** for the base, this mount ensures durability and long-term use. It supports up to **1.2kg (2.6lb)** of weight, providing robust stability even in high-traffic environments. Perfect for supporting a **POGO PIN charging station** to enable smooth, uninterrupted power for tablet devices during POS transactions.

4. Space-Saving Wall Installation

This wall-mounted design maximizes space efficiency by keeping your tablet off countertops and desks. It's particularly beneficial in busy environments like restaurants, retail counters, and

warehouses, where devices must remain visible and accessible. Use it as part of an [iPad POS stand](#) solution to streamline transactions and enhance productivity.
